Release Notes 6.2.4 - Patch Release | 12.06.2015

Remarks
Release notes with changes since version 6.2.3.

Upgrade Notes:
No special actions are required when upgrading from Appway 6.2.3 to 6.2.4.

Appway Platform (Core)

Change

Area	Importance	Description
Workspace	Medium	Dropdown List: Improved the performance for client side searchable dropdown lists. The performance improvement provides an infinite scrolling mechanism for dropdowns that satisfy all of the following criteria: Searchable, Client Side and Single Value. The initial page load time just as the time to open a dropdown has improved in average by the following percentages: IE 8 [229%], IE 9 [121%], IE 10 [88%], IE 11 [100%], Firefox [50%], Chrome [50%].

Bugfix

Area	Importance	Description
DataTable	Medium	Clean-up data table models which are attached to a process instance but are no longer needed because the process instance was removed. This fixes a memory leak in multi-node installations which use data tables in the workspace.
Workspace	Low	Action Timer: Changed property type annotation from "@ExpressionType" back to "@IntegerType".

Appway Extensions

Change

Area	Importance	Description
Extension	Low	ComponentExtension 6.2.8: Notification Popup: Added a color Business Object to change the color of the notification icon.

Bugfix

Area	Importance	Description
Extension	Low	ComponentExtension 6.2.8: Adaptive Flow Layout Group: Fixed an issue that the title overflows elements below.
Extension	Low	ComponentExtension 6.2.8: Adaptive Table Of Contents: Fixed elements which were always displayed in an error state.
