Remarks
Release notes with changes since version 5.3.13.

Upgrade Notes:
No special actions are required when upgrading from Appway 5.3.13 to 5.3.14.

Appway Platform (Core)

🐞 Bugfix

Area	Importance	Description
Back end - Security	Medium	Label Manager: Fixed a cross-site scripting issue.
Business Object - Document	Medium	Fix for a bug introduced in 5.3.13 regarding the vertical alignment of text fields and text cells with a fixed height.
Studio	Low	Business Object Editors: When you drag a variable over to the end of the list of variables, it l no longer disappears upon dropping it. Instead, it is placed as the last variable in the list.
Studio - Administration	Low	Global Search: A search query required at least three characters. This limit is now removed.
